bridge the gaps which were identified through the feedback forms. The IQAC committee prepared feedback forms using Google forms and shared them to the students through Whatsapp groups and emails. Then the IQAC committee guided the students in filling up the feedback forms correctly through demonstration. Google forms automatically analyze the data which is in the form of Pie - diagrams and Bar charts. A brief report over the feedback forms was submitted to the principal for his perusal. After perusing the report, the principal convened a staff meeting and suggested the faculty to bridge the gaps which were identified through the feedback forms.

The college has the good practice of constituting a Ward council every year. In this council there are coordina and mentors for all the groups and classes respectively. The mentors identify the slow, average and advance learners in their respective classes. Various activities like conducting Group discussions, Debates to instill interest in their academics. Study hours are conducted regularly to monitor their progress in academics. Motivating the students for higher studies and entrepreneurship. Behavioral counseling aims to improve on relationship, develop interpersonal skills and looks to eradicate unwanted behavior. It is essential for a god experience on campus, better placement and a successful career. Students with personal problems that are interfering with their ability to attend classes, to study, or to take exams should contact their class incharges discuss how to handle the problem. 2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Internal and External evaluation procedure is prescribed by the affiliating university. The Internal evaluation weightage is 25 for Mid-tests and 75 for the end semester. The Academic calendar for each semester is prepared in line with the University schedule of events, which provides the information on the scheduled Time-tables for Internal assessments, Model examinations and the Tentative schedule of University practical examinations with regard to this, the students can plan the course of action. The question paper pattern for the Internal examinations has been standardized by the institution, similar to that of the University end semester question paper . Mid-test I covers Unit I and II, Mid-test II covers Unit III and IV and Model Exam covers the entire syllabus of a particular course.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Academic year starts as prescribed by S.V. University. The University in advance, publishes the Academic Calendar containing plans for curricular and cocurricular activities based on the available working days as per their norms .. Approval for the same is given by the Principal after the effective minor changes if required. The academic calendar provides the date of commencement of the academic session, duration of semester, period of Internal assessment tests, final semester examinations etc. The Time-table is prepared well before the start of every semester to avoid any shortfall in syllabus coverage. The Lesson Plan is prepared by the faculty individually with details like Unit wise topics, number of teaching classes allocated for each Unit. During the interaction with the students in the Class Committee meeting, the objectives of each subject are explained by the respective faculty handling the subject and the Chairperson of the meeting. The expected outcome from the student is also explained clearly. Syllabus completion is tracked through periodic checking of lesson plan sheets, class committee meetings, record of class work and Department meetings. The laboratory Schedule is prepared by the concerned Timetable in-charge of each department and batch-wise details are specified in the laboratory schedule. Time-table of regular lectures for the semester is prepared and displayed on the notice board and College Official Website. There is an Academic Monitoring Committee appointed by the Principal who monitors the day to day conduct of the lectures based on the time table.

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The Principal is the head of the academic, administrative and other matters of the institution. From the authority, all the academic activities and formations of various committees are framed to delegate various roles. The committee conveners and incharges of the departments have functional autonomy to decide on the various departmental events by implementing them with the involvement of the faculty members. They have privileges in proposing the budget, framing timetable, subject allocation, assigning department coordinators for various committees, conducting National and International Conferences, organizing Seminars and Workshops, arranging Field visits. The conveners and incharges of the departments play a crucial role in decentralizing the resources by scheduling the activities of the department and assigning responsibilities to the respective department faculty. Organizing Seminars, Guest lectures and Workshops. Faculty members are involved in the purchase and maintenance of equipment and consumables. One of the objectives of mentoring the students is to make them productive citizens.

6.1.2 – Does the institution have a Management Information System (MIS)?

#### Partial

#### 6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Human Resource Management	In the college administration, there is a mechanism to communicate the things among the personnel in the hierarchical order like Commissioner, Joint directors, Academic Guidance Officer, Regional Joint Director, Principal and faculty.
Examination and Evaluation	University is authorised to conduct all semester and practical examinations with a stipulated time-table. It has its own mechanism to conduct all these examinations. After conducting examinations, the valuation work will begin with the support of all subject related faculty in this University region. The college faculty has authorization to conduct and evaluate both the internal examinations and practical examinations for all odd semesters. To maintain all these activities, the college has an examination cell with a convener and members. The committee frequently interacts to resolve the grievances and update the changes with the students and faculty.
Teaching and Learning	The college has an Inter-faculty forum to improvise the surrounding knowledge in all aspects relating to the curricular and non curricular topics and also improvising the

	<pre>infrastructure to facilitate the conducive learning environment. Incorporation of creative ideas in delivering the subject area. This helps in generating interest towards the subject. By this approach, the student success rate increases. Disseminating best practices for Teaching and Learning to the faculty through LMS, MOODLE, NPTEL, SWAYAM, SWAYAM PRABHA and other e-learning resources.</pre>
Curriculum Development	University is authorized to frame the curriculum related syllabus with the support of BoS chairman and its nominated members from various colleges in the University region. On par with the syllabus, foundation courses are designed to impart the knowledge in Human values, ICT, Environmental studies, Leadership skills, Analytical skills and Communication skills for 4 semesters.
